## **Anouncement**

---

### **To Breeders, Farmers, and All Interested in Fine Stock**

In presenting this, our first catalog, we take great pleasure in assuring our friends and the public in general that we are offering at public sale as good and useful a herd of Shorthorn cattle as will be found in this part of the state. While we have some fine individuals we are not spoiling their usefulness by fitting them for show.

This is a clearance sale and our aim will be to conduct a clean, honest, up-to-date sale in all respects; we guarantee that each animal put up will be exactly as represented.

Visitors coming to Garner the morning of the sale will find free conveyance from the Hide Livery Barn.

**Imp. Young Mary**—by Jupiter (2170) a roan of 1832, bred by J. Clark of England, imported in 1834 by the Ohio Company and sold at their sale October 26, 1836, with cow calf Pocahontas by Comet Halley (1855) for \$1,500 to Edwin J. Harness, the importer of Young Phyllis by Fairfax (1023). From him they passed into the hands of Isaac Vanmeter and Isaac Cunningham, of Clark county, Kentucky, who bred them successfully for several years. Young Mary was a cow of great excellence, and a remarkable breeder, having bred successfully till 21 years of age. It is believed that more show cattle have been produced from this family than from any other.
